Loyal •

## EDUCATION

**2022**

**Software Engineering**

**Immersive**

General Assembly

**2015- 2020**

**Bachelor of Science**

Macquarie University

Major in Human Biology

## ABOUT ME

A joy for coding has propelled me into a career in programming. I'm so excited to apply and offer the skills I've developed to a new team, developing solutions that provide value and a positively impact.

## PROFESSIONAL EXPERIENCE

**General  
Assembly**  
2022

- 12 week immersive program
- Full stack development
- Group project collaboration
- Loved every moment!

## PROJECTS

**Tic Tac Toe**  
My First Project

A single page web application developed just using good old Javascript, CSS & HTML.

**Auto Novel**  
First Full-Stack  
App

Utilized new skills in Ruby on Rails to the develop an application with a back end.

**Crash Mob**  
Collaborative  
Project

D&D character building app. A full stack application built after learning React.

**Retro Arcade**  
Games Platform

Another collaborative project built with React. A fun exploration of game logic.
